ROBBER BAND IS ACTIVE THROUGH 4 OR 5 COUNTIES

Schools, Stores and
Garages Robbed In
Six Nearby Towns

A series of eight robberies in West Liberty and nearby towns during the past three weeks gives rise to the belief that a band is operating in this section whose members are not amateurs.

Since Feb. 24 three schools have been robbed of \$352 stores in two towns have been robbed of considerable merchandise and safes in three garages have been broken open.

Three high schools were broken into on the same night in Sandy Hook, West Liberty and Cannel City. The loot included between \$75 and \$85 at Sandy Hook, \$277 at West Liberty and nothing at Cannel City.

On the night of Feb. 24 thieves robbed Scott's Department Store in West Liberty of about \$400 worth of merchandise and robbed two stores in Salyersville the same night. Entrance at all the stores was made by forcing the front doors.

Safes were blown in garages at Morehead, West Liberty and Campton and some \$850 in cash taken.

On Feb. 27 thieves broke into the Lewis Garage in Morehead, wheeled the safe from the office into the garage workshop, used a considerable charge of dynamite and blew it open. Ironically, the safe was unlocked but the thieves evidently did not try to open the door. All they got was about 50 pennies.

On the night of March 5 robbers broke into the McGuire Motor Company in West Liberty and stole a 400-pound safe. It was found next morning at the mouth of Lacy Creek, blown open and about \$350 in cash missing.

Last Saturday night robbers broke into the Riley Harris Garage in Campton, blew the safe and secured between \$300 and \$400.

Tri-County Purebred Beef Cattle Sale In Mt. Sterling Set 30th

At a joint meeting of the Morgan County Hereford Association and Montgomery County Purebred Livestock Association plans were made for an annual purebred beef cattle sale. All cattle will be registered and only the members of the two associations will be assigned cattle. Sale date is set for Monday, March 30 at one o'clock at the Mt. Sterling stockyards.

Willie Elam ill

Mrs. Jesse Adams of West Liberty received word Thursday that her brother, Willie Elam is seriously ill at his home in Richmond, Va. Elam is a former editor and publisher of the Richmond Daily News for several years.

In Ol' Morgan

"The Old Beech Tree Is Gone," a nostalgic piece carried in this column last week, was written by Editor Whitt in a moment of retrospection. The story was editorialized in the Lexington Herald this week as a tribute to a tree that should live in Kentucky letters. Maybe the tree will inspire him to give us insight to more Americana as he knew it when he was a lad roaming the hills.

Rev. Fred Penniston of the Christian church believes in honest publishers now. He left in our office a billfold containing \$13 for the Red Cross and next day when it was discovered, Publisher Kinner called Fred to let him know where the billfold was. One would have done the same, but Fred bragged on Earl and made him feel good. It sort of makes up for last week when the boy who once delivered papers for Earl on the Big Sandy News in Louisa came in to see him and had to introduce himself. Maybe it was the young man's Army uniform that made him look so different.

Harriet Baldwin of Ft. Myers, Florida, was honored recently by an invitation to be pianist at the First Christian Church in that city for its Tourist Sunday program. West Liberty has turned out its share of pianists, and most of the credit should go to "Hattie" who taught music here a number of years.

Up the way a few miles, at Lapa, to be exact, at the West Liberty musician is pianist for a choir at the Christian church. She is Mrs. Lynn Nickell, the former Leatha Nell Blair.

PMA Chairman and Newsman See Vast Progress on Grassy Ck. Farms

"Don't Monkey With
PMA," Farmers Say
In Talks To Whitt

By Bernard E. Whitt

Grassy Creek is one of the largest streams in Morgan county. Flowing into Grassy Creek are a number of large streams—the Salem Fork, Geveton Fork, Casky Fork and Murphy Fork. The headwaters to these streams drain a large area from Maytown to Adele and forming the ridge and boundary against Wolfe county, a distance of 35 or 40 miles. The Lower and Upper Long Branch flow into lower Grassy and the creek empties into Licking River not far from Woodsbend. The last few miles flow through deep gorges bordered with hemlock, pine and laurel, making it a most rugged and beautiful area.

Early Settlers

Many of the early settlers in Morgan county located in this valley and their descendants live here today. All through the valley and streams you find the families of Murphys, Henrys, Gevedons, Stampers, Ceils, Peytons, Nickells, etc. They are a thrifty and energetic people—good citizens rarely in court as law violators.

SALYERSVILLE IS TOURNEY CHAMP

The Salyersville High School Hornets defeated Oil Springs 76 to 50 here last Saturday to win the 60th district high school basketball tournament played in the Morgan County gym last week-end.

Salyersville had advanced to the finals by defeating Cannel City 80-52 Thursday and Morgan County 82-64 Friday. Oil Springs had advanced to the finals by drawing a bye in the opening round Wednesday and then by defeating Frenchburg 70-53 Friday.

Morgan County had eliminated Sandy Hook 89-50 Thursday and Frenchburg had eliminated Ezel Wednesday 76-51.

The 15th regional tournament got underway at Paintsville Wednesday night with Oil Springs meeting Salyersville in the opening game and Paintsville playing Meade Memorial in the second game. Scheduled for tonight (Thursday) are Belfry vs. Martin and Pikeville vs. McDowell.

ANDREW CECIL IS NFLA DIRECTOR

Andrew Cecil of Murphy Fork, Morgan county, was elected as a member of the board of directors of the Eastern Kentucky National Farm Loan Association at the annual meeting of stockholders held in Salyersville last Saturday. He succeeds S. B. Rose of Stillwater whose term had expired.

E. D. Holbrook of Morgan county, who has been secretary of the organization since it was organized 27 years ago, was presented a bronze plaque at the meeting in recognition of his long service. The plaque was presented by W. W. Ridenour of Louisville, regional director of the NFLA for Kentucky, Ohio, Indiana and Tennessee.

Mr. Ridenour, in his address, said the Eastern Kentucky NFLA ranks at the top in the nation, reporting that there has never been a foreclosure in its 27 years of operation. He also said he was greatly impressed by the development of farms and good roads in this area of Kentucky.

MRS. W. J. DAY DIES IN HOSPITAL

Mrs. Marie Litteral Day, 24, wife of William J. Day of West Liberty, died Tuesday at 1 p.m. in St. Joseph hospital in Lexington following surgery. She was admitted to the hospital Tuesday after an illness of several weeks.

Funeral rites will be conducted Sunday morning at 10 o'clock at the Wardie Craft church at Caney with Rev. Wardie Craft and Rev. A. C. Bradley officiating and interment will be made in the Salyer Cemetery at West Liberty, under direction of the West Liberty Funeral Home.

Medea Taubee Litteral of Caney, was born in Breathitt county Feb. 25, 1929, but had resided in this county since a child. Surviving are the parents, the husband and a small son, Danny Ray; two sisters, Misses Luelle and Wilma Litteral of Caney, and a brother, Ray Litteral, serving in the armed forces in Korea.

March is the month you can be ruined by untold wealth.

Much Progress Noted

Dillard Murphy had spent a day with me traveling in the Blackwater and part of Grassy Creek last week talking with the farmers. At his suggestion, I met him at the Chapel Tuesday afternoon. We drove up main Grassy and first stopped at Joe Frank Ferguson's. He was born and raised near where his home is located.

I had taken a radio recorder along and for the first time interviewed a number of farmers and their wives to have a broadcast so they could listen in. Every family we talked to said they always listened to WMTG at Vanceleva, especially Wednesday to the news and school programs.

Mr. and Mrs. Ferguson were delightful people to interview. Joe said that they could not possibly do without PMA, and all they would ask is just more of it. He said the lime, fertilizer, and roads had made this a new country.

We drove on up the creek passing many nice new homes, and everywhere we saw the farmers out at work, many of them plowing and planting their gardens. As one travels up this valley they will note one thing somewhat different from any other part of the county. Most of the hill land is in grass and more cattle grazing. Several of the farmers were worried about the drop in the price of cattle.

We next stopped at Frank Gevedon's. The West Liberty Lumber Company was remodeling his home. Ray Hank and a crew of men at work and it looked like they would soon build a new house for him the way they were working. Mr. Gevedon is well known in Morgan county and owns and operates one of the best farms in this part. We found out that Frank just recently married Miss Risner, a sister to Kelse Risner, who was REA manager for a number of years and now lives in Arizona. Frank said that the PMA had made the farms and homes in his section progressive and that the people were happy, contented and sure they had good churches, schools and very little law violations.

We then drove up the Gevedon Fork of Grassy to Delbert Gevedon's. He was adding an addition to his home. C. B. Gevedon and Estill Steele were helping him. They had an extension cord to the electric line and were using a power saw, saving a lot of labor. We connected our radio transcriber to the cord and had a nice interview with Mr. Gevedon and his workers. He pointed out his pasture field and to his cattle, adding that the good farm programs had helped him. He was fully in accord with the PMA and said he certainly did not want any changes. We asked him to tell us something about it. He only said more of it.

We drove back to Stamper's store at Grassy Creek and interviewed C. J. Niewel of the store. Mr. Nickell is a member of the board of directors and on the Resolutions Committee of the Kentucky State Farm Bureau. (Continued on Page Four)

121 CRIPPLE TOTS IN MORGAN AIDED BY EASTER SEALS

Drive To Raise
County Quota Is
Now Underway

Examinations have been given 121 crippled children from Morgan county since the Kentucky Society for Crippled Children was organized 30 years ago. Most of this number have received definite corrective treatment.

This was announced today by Mrs. C. K. Stacy, local chairman of the Easter Seal Campaign, which opened March 5 and will continue through April 15.

The examinations and treatments were given, the chairman explained, by the medical staff of the Kentucky Crippled Children Commission, official State agency.

The Commission was established by the Legislature in 1924, largely through the influence of the Society, at that time only one year old itself.

The initial state appropriation of \$10,000 for this purpose has been increasing steadily, as a result of continued efforts by the Society, and State appropriations now are matched by Federal appropriations.

Still, a considerable portion of the cost must be borne by the Society, which in turn raises the funds largely through the Easter Seal Campaign.

Every year when State and Federal appropriations run out—like Monday morning—the Commission must come to the Society for supplementary funds.

Last year, the Society approved grants-in-aid totaling more than \$48,000 to enable the Commission to carry out its program.

This was the largest item in the Society's \$193,677 program of treatment, education and rehabilitation of crippled children throughout the state.

In addition to its aid to the Commission, the Society operates facilities of its own, best-known of which is Cardinal Hill Convalescent Hospital, Lexington.

MRS. CARPENTER OF OMER DIES

Mrs. Dora McClure Carpenter, 75, wife of Fildon Carpenter, died Monday morning at the Carpenter home at Omer after a long illness of a heart condition.

Funeral was conducted Wednesday morning at the home with Rev. Harlen Murphy and Rev. M. B. Whitt officiating and interment was made in the Ezel cemetery under direction of the Potter Funeral Home.

Surviving are the husband and a son and daughter, Mrs. Corbett McKinley of Omer, and Col. Stanley J. Carpenter of Ft. Baker, California.

Miss Era Nell Hamilton who attends college at Morehead, visited her parents, Mr. and Mrs. Sewell Hamilton, the week end.

Morgan Has Network of 256 Miles of Surfaced Roads

New Roads Have
Been Built Into
Nearly All Areas

Morgan county, one of the State's larger rural counties and the foremost agricultural county east of Mt. Sterling, now has a network of surfaced roads that permit year around travel into every section of its 364 square miles.

There is scarcely a community in the county that now cannot be reached over a surfaced road.

Actually, Morgan county now has a total of 256.87 miles of surfaced roads, and more are being built.

Of this large road mileage, 21-143 miles are state maintained roads built prior to 1950. Of the remainder, 66.45 miles are highways which have been surfaced or re-surfaced in the past 3 1/2 years, and 101.15 miles are county roads that have been constructed and accepted for state maintenance during the past 3 1/2 years.

These figures on Morgan's total road mileage were obtained from the State Highway engineer's office here to acquaint the people with the outstanding road program that has been carried out in the county in the past three or four years.

Until a few years ago the State and county had constructed a few miles of roads each year, mostly through highways like US 460 and Ky 7. Thus, for many years roadbuilding was rather sporadic; a sector would be built one year, later graveled and then some years later black-topped.

However, during the past three or four years, roadbuilding has been speeded up considerably. The county has very little money

THIS SCENE on the Elkfork-Crockett-Relief road is typical of dozens of such scenes in all parts of Morgan county. It shows the concrete bridge across Doek Ison Creek near Moon and the traffic bound limestone surfaced highway.

for roadbuilding, but county officials in recent years have worked closely with State officials and the highway department, much to the benefit of the county.

This close cooperation between county officials and State officials has resulted in a speeding up of construction. In addition to much new construction and re-surfacing, this close cooperation between local and State officials has resulted in many county roads being taken over by the State for maintenance.

East Ky. Germanium Eight Times Richer Than Any Yet Discovered

Prospector Who
Found Mineral
Addresses Club

Certain coal veins in Eastern Kentucky contain nearly eight times as much Germanium—the \$350-a-pound mineral needed by the electronics industry—as any previously discovered deposits of the rare mineral, Henry Brown, engineer for the Fairmont Coal & Coke Company of Fairmont, W. Va., told a joint meeting of the Prestonsburg Chamber of Commerce and Kiwanis Club at Prestonsburg a few days ago.

Brown is the engineer who reported in New York January 11 that richer deposits of the mineral than any yet found had been discovered in Eastern Kentucky coal seams. Mr. Brown and his company have prospected for the mineral in the Appalachian region for two years.

His announcement of the new discovery has set off a wave of speculation through this section, as it is known that Mr. Brown obtained many samples of coal in Morgan county last summer.

Hansford May, secretary of the Prestonsburg Chamber of Commerce, who has been working with Brown several weeks, said the mineral was in coal seams in the general region of Floyd county. Brown, however, has declined to reveal the exact location of his discovery.

In his address to the Prestonsburg group, Brown held out hopes for Eastern Kentucky to realize something industrially from this newly discovered resource, but admitted there is a lot to be done yet—"a mighty lot."

REV. TOM TIPTON DIES SUDDENLY

Rev. Thomas Tipton, 77, well-known Baptist minister of Bethanna near the Morgan-Magoffin line, died suddenly of a heart attack at noon Wednesday. He was stricken when he returned to his home for the noon meal after plowing on his farm in the morning, and died in a few minutes.

He was born in Breathitt county, a son of Walter and Ann Tipton.

Funeral arrangements were incomplete when the Courier went to press.

Surviving are his wife, Mrs. Bertha Tipton; three daughters, Mrs. Floyd Lykins, Ashland, Mrs. Bessie Mills of Bethanna, and Mrs. Damon Whiteaker of Cincinnati, and five sons, Buford, Hargis and Finley of Ashland, Watt of Bethel, O., and Emul of Cincinnati.

Jim Chester of the U. S. Navy stationed in California, was a week end guest of Miss Era Nell Hamilton. They motored to Wayland Saturday afternoon to visit friends.

HENRY BROWN

Still declining to reveal location of the germanium-rich coal seam, Brown however told the Floyd group that it has germanium content of 7.7 thousandths of 1 percent as compared to an average of 1 thousandths of 1 percent.

The U. S. Bureau of Mines has estimated that from the average coal vein with its one-thousandths of one percent germanium content the recoverable germanium would be worth about \$7 to the ton of coal. The Eastern Kentucky vein reported by Brown would, on that basis, yield more than \$60 worth of the precious mineral per ton of coal. Germanium sells for approximately \$350 a pound.

West Liberty Girl Soloist With Band On College Tour

Betty Jo Gevedon, daughter of Mr. and Mrs. Jesse C. Gevedon of West Liberty, will be featured as a vocal soloist with the Morehead State College Band, which will start on its annual concert tour Monday, March 16.

The band, under direction of R. Russell Aukerman, will open its tour with a program at the Morehead College auditorium on Sunday, March 15. The band will present its program at a number of Northern Kentucky schools.

Miss Gevedon, 1950 graduate of Morgan County high school, is a junior at the college, and is majoring in music. In high school she was president of the junior and senior class, held the presidency of the Glee Club, was a cheerleader for the school, and also belonged to the Future Homemakers Club.

On campus, Betty Jo is vice-president of the Crescendo Club, and a member of the Altycic Club, Wesley Foundation, and the school chorus.

Morgan Sheriff, Deputies Destroy Moonshine Still

Sheriff Clyde Adams and his deputies, Jeff Williams and W. R. Rowland destroyed a moonshine still Sunday morning in the Dittony Ridge section near mouth of Rockhouse on Licking River.

Sheriff Adams said the still was located in the head of Keeton branch near the property of "Brownie" Delong. He said Mr. Delong lives on the Kentucky River and his house is vacant.

Officers destroyed 60 gal. of beer, 55-gallon boiler, a 40-gallon wooden flask stand, cap worm and complete outfit.

Farm Price Outlook To Be Told At Meet

The outlook for agriculture and farm prices will be discussed with the Vocational Agriculture teachers of this area next Thursday afternoon by G. P. Summers, field agent in Marketing for the Agricultural Extension Service of the University of Kentucky. His address will be made at the Morgan County high school at 4 p.m., March 19.

Garden Specialist To Hold Morgan Meet

John S. Gardner, field agent in gardening for the Extension service of the University of Kentucky will hold a meeting at the court house in West Liberty Tuesday, March 17, at 9 a.m. Everyone who wants to learn more about how to raise a good vegetable garden should be there. YOU are cordially invited.

Rev. Joe Blevins, pastor, announces that a special singing meeting will be held Saturday night, March 21, at Malone. The following will participate: Grassy Lick Quartet, Salem Trio, West Liberty Quartet, Daysboro Quartet, Bill Dunn and Wolfe county singers, singers from Portsmouth, Ohio, and others.

TOWN HALL MEET SET FOR MORGAN HERE MAR. 24TH

East Ky. Development
Group Plans Meetings
In 14-County Region

A Town Hall meeting will be held in West Liberty Tuesday, March 24 at 7 p.m. to initiate Morgan county's role in the program of the Eastern Kentucky Industrial Development Foundation's drive to promote industrial growth in 14 northeast counties.

Fletcher Elmore, Morgan county's director on the new foundation, announced the county-wide Town Hall meeting will be held in the Christian church here. He said the meet will be conducted on the town hall order with a few introductory statements and then a panel discussion with all who desire entering in. Everyone interested in the industrial development of the county is invited to attend, Mr. Elmore said.

Short talks will be made by Norman Chrisman, Pikeville, a former president of the Kentucky Chamber of Commerce and a director of the foundation; A. Joe Asher, Jenkins, executive secretary of the foundation; Fred Coplin of the Kentucky Agricultural & Industrial Development Board, and Judge John A. Keck, Elliott county's director in the foundation.

These four will later form a panel to discuss with those attending the problems of the county and the best method to solve them and any plans for industrial development. Mr. Elmore will preside at the meeting and act as moderator of the panel discussion.

Town Hall meetings are being held in each of the 14 counties forming the industrial foundation—Lewis, Greenup, Boyd, Lawrence, Johnson, Martin, Floyd, Pike, Letcher, Magoffin, Morgan, Elliott, Carter and Rowan.

Meetings were held in Pike and Magoffin counties Tuesday and meetings in Carter and Vanceburg are scheduled for this week.

GEOLOGISTS WILL WORK IN MORGAN

FRANKFORT, Ky., March 9.—Field operations in connection with the mapping program in Morgan and Rowan counties will be undertaken when a field party of engineers begins around survey work near Wristle, according to Phil M. Miles, Chief of the Maps and Minerals Division of the State Agricultural and Industrial Development Board.

The operations are part of a State-wide topographic mapping program initiated in 1949 by the A&I Board through an agreement with the U. S. Department of Interior's Geological Survey, with the State defraying one-half of the cost of the \$7 million program.

The engineering party will be under the direction of J. A. Mathias of the U. S. Geological Survey staff. The work to be undertaken is known as the southeast section of the Morehead quadrangle.

Made from aerial photographs, the new map will be about the size of a newspaper and at a scale such that 2,000 feet on the ground will be exactly one inch on the map. The map will cover an area 8 miles long and 7 miles wide. Showing roads, streets, streams, ponds, the slope of the land, schools, churches, and houses, the new map will be useful to farmers, engineers, teachers, and civic leaders.

MRS. L. B. MCCLURE PASSES IN VIRGINIA

Mrs. Emma McClure, 78, widow of L. B. McClure formerly of Mussel Shoals, died at the home of her son, Ollie McClure at Troutville, Va., on March 11. She had been an invalid for the past two years as the result of a fall in which she received a broken hip. A blood clot formed a short time before her death which physicians said caused her death.

Survivors are three sons, Ollie J. McClure of Troutville, Va., Edgar O. McClure of Fayetteville, W. Va., and Denzil McClure of Roanoke, Va.; one daughter, Mrs. R. L. Morrison of Nace, Va.; one sister, Mrs. Noah Mann of Dan; two brothers, Claudia McGuire and Jimmie McGuire of Ebon.

Funeral services will be held at the home place near Dehart at Mussel Shoals at 10 a.m. Saturday. Rev. Harlen Murphy will officiate. Burial will be in the family cemetery near Dehart under direction of Potter Funeral Home.

Active pallbearers will be John Nipper, Woodrow Barber, Aubrey Rowland, Beckham McClure, Holly Nipper, Cletis Day.

Methodist Society Meets At Cottles

The Women's Society of Christian Service met Thursday with Mrs. E. B. Cottle, Rev. and Mrs. Faulkner of Index were guests and had charge of the program. Rev. Faulkner gave an interesting talk on the Lord's Prayer. Mrs. Faulkner told of the work carried on by Miss McConnell at Mt. Carmel Bible school and at radio station WMTG.

The next W.S.C.S. meeting will be with Mrs. Bruce Fairchild on April 2.

Those present were Rev. and Mrs. Faulkner, Mrs. Clara Kinner, Mrs. Bill Tolson, Mrs. Bruce Fairchild, Mrs. Wm. Pope, Mrs. Ollie Blair, Mrs. A. P. Gullett, Mrs. Murphy, Mrs. Earl Price, Mrs. E. B. Cottle.

Recent guests of Mr. and Mrs. R. C. Day were Mr. and Mrs. C. B. Engle and four children of Xenia, Ohio, Virginia Day of Dayton, Ohio, Arnold Mann and children of Pikeville and Jimmie Hurley.

GERMANIUM

(Continued on Page Four)
Asked in a question-and-answer period at the conclusion of his talk what specific benefits may be realized for this section, Mr. Brown said, "If the right people talk to the right people, a pilot plant for this section might be possible."

He mentioned the interest of the Signal Corps in germanium and in the deposits found near here. He also pointed out that one firm may be contacted about such a plant, but declined to name the firm.

This information, however, was passed on to A. J. Asher, executive secretary of the Eastern Kentucky Industrial Development Foundation which is interested in the development of the area. Mr. Asher sat in on the meeting.

In a lengthy history of the discovery and development of germanium for use in electronics and radar, Brown said the element is "trapped" in smokestacks and flues of industrial users of coal. At this time there is not a pilot plant in the country.

He advised all who desired to send samples of coal for free laboratory test to submit blocks ranging from three to five inches in thickness from the bottom and top of the coal seam.

Hansford May, of Prestonsburg, who introduced the speaker and who first contacted Brown, said following the meeting that a new process for extraction of germanium from coal is being patented and that the whole field of opportunity through this resource is being explored for this section.

JUNIOR CLASS NEWS

The Junior class of MCHS met Feb. 27. Plans were made for the banquet on May 1 and the trip to Mammoth Cave in April. The class members are going to paint their room green. Members of the class are looking forward to next September when they will get their class rings.

reau. Mr. Nickell recalled the great changes and progress in this section and how much better prices are now.

Mrs. Custer Jones, who operates the store is a daughter of the late Joe C. Stamper who for many years operated the store and several hundred acres of land nearby and also in the Blue Grass. Mrs. Jones said we are now building up some hill land which her great grandfather wore out. She commented how the farm program is helping to rebuild our worn out soil. About this time Mr. Jones came in the store. We learned he had been driving a team and hauling some fertilizer. Mr. Jones being one of the best business men and for more than 30 years a banker, he could understand that he had made a success by hard work.

Mr. Jones was kind enough to talk with Mr. Murphy and he interviewed on the radio. He recalled when he was cashier and President of the Morgan County National Bank at Cannel City, how little the farmer received for their products and how much progress and improvement had been made during the program of the PMA and other agencies assisting the farmers. He said that farming has rebuilt this county beyond anything we can realize. He further said these farm stories carried by the Courier help boost the good things the farmers are doing. They are entitled to it and it helps others to see what they are doing. It is a public service.

In conclusion we are convinced that the farmers are very much in accord with the farm programs and want all of them to continue. Mr. Jones is impressed to hear them express it in such terms as "Let it alone," "Do not monkey with it," "We have no complaint," and "More like it."

It was at the instance of Earl W. Kinner, publisher of the Licking Valley Courier and the Elliott County News, that I have made these trips and talked to farmers in various parts of the county, returned and wrote some of the things they said. Space did not permit all to be used.

Also there are several other fine sections which have made equal progress and improvement which I have been unable to visit. However, I feel that I have heard and seen enough to convince anyone that wonderful and amazing progress has been made in Morgan county in recent years. All of it, of course, is not due to the farm program. Roads and the REA have done their share. Farm machinery has helped it possible. But I feel certain without PMA and its program the farmers would never have made the improvement and had the farm income they now have.

STOLEN CAR RETURNED
Dewey Pack of Pack Chevrolet Co. reports that a Kaiser automobile that was stolen from his garage a few nights ago has been returned. He states that he appreciates the party's returning it and would be glad to sell them the car.

The town marshal at Chesapeake, Ohio, received a letter last week from a man in West Liberty, Kentucky. The man wrote: "I drove through your town doing 30 miles an hour in January. This is my confession. If I am under arrest, please inform me." The letter was signed, Mighty encouraging in this day and time, but what a stampede at the post office if all of us followed his example every time we broke a speed limit. The speed limit at Chesapeake is the same as in West Liberty—25 miles an hour. There are times when even 25 miles per hour through a town is too fast.

Sixty-three NEW subscribers were added to the Courier's growing family of readers during February.

Because of space limitations, the Courier is forced to omit several news letters and also some features nearly every week. We regret this, but the increased cost of newsprint paper and other expenses of publishing a newspaper will not justify any additional increase in size of the paper unless there is a corresponding increase of ads. The best we can do is to condense some of the news letters and stories in order to get more of them in the paper.

GRASSY CREEK
(By J. M. Gevedon)
March 3—Bert Gevedon and the writer were at Campton on business last Tuesday.

Charles Buskirk and family and Mrs. Elmer Buskirk of Green visited Sunday with the Deward Adams family.

Helena Gevedon attended the birthday dinner of her sister, Mrs. Kathryn Payne of Ironton. Estil Gevedon has been ill for several days, but is better.

Folks in this community have been busy preparing and seeding their tobacco beds. Aunt Joston Gevedon is still confined to her bed most of the time.

Most Sensational new
farm machine of the year!

New Holland's great new twine-tie baler—the compact "66".

The compact

NEW HOLLAND

New Holland's sensational "66" makes hay baling practical on almost any farm. It's self-powered... makes square, man-size bales suited just right for easy feeding. Yet costs hundreds of dollars less!

The surprise of a life time! That's the New Holland "66"! We'll wager you've never seen a baler so compact in design... so completely new... feature after feature.

You'll be amazed the first time you see the "66". It's shorter and lower than most balers of its type on the market. It's designed to operate at full efficiency with a one or two-plow tractor. Best of all, it's priced so low that now even small-outage farms can afford the finest in baling equipment.

Now you can enjoy the full benefits of having your own baler on the farm. You can bale your hay the moment

it's ready to come in, and bale it fast for the highest quality with least spoilage by sun or rain. In the field you'll find it hard to believe your eyes when you see how the efficient "66" gobbles up the windrow. Nothing seems to stop it. It can kick out 6 firm, square bales a minute... package up to 7 tons of hay in an hour! And it bales anything—clover, prairie hay, sudan grass, maize.

Come in and see us right away! We're ready and waiting to show you a "66". We'd like to go over this wonderful grassland machine with you point by point... give you positive proof you can't buy better at the price!

A complete line of balers
for every baling requirement

The New Holland "66" proudly takes its place with the famous "77" twine-tie and the Mighty "80" wire-tie—the highest capacity balers in the world. No matter what material you bale or what field conditions you work under, no matter whether you feed, sell or custom bale, there's a New Holland that can do the job faster, better and at lower cost. Come in and look at YOUR New Holland today.

Mrs. Murray Is Elected
President of Woman's
Club For Next Year

Mrs. H. B. Murray was elected president of the Morgan County Woman's Club at a general meeting of the club held Monday evening at the home of Mrs. C. K. Stacy. Serving as hostesses were Mrs. Stacy, Mrs. J. C. Nickell, Mrs. James Brown, and Mrs. J. L. Blair.

In the absence of Mrs. H. D. Potter, president of the club, the meeting was conducted by Miss Florence McGuire, who also was in charge of the program.

Mrs. C. K. Stacy, chairman of the nominating committee, presented the names of candidates for election to club officers and the following officers were elected unanimously:

President—Mrs. H. B. Murray
Vice President—Mrs. Henry L. Stacy
Recording Sec.—Mrs. Gene Haney
Corresponding Sec.—Mrs. Wendell Nickell
Treasurer—Mrs. Fred Penniston

Mrs. Murray has been active in club work for some time and is a past president of the Margaret Stacy Guild of the Methodist church. She is county chairman of the Red Cross fund drive and prominent in other church and community enterprises.

Mrs. James Brown, vice president, opened the program by reading a poem on Faith, followed by Scripture and prayer.

Theme of the program was Famous Women of America, and the following members of the Home and Garden Department took part: Mrs. Fred Rose gave a reading on Miss Elizabeth Blackwell, first woman doctor; Mrs. Mae Wells told about Miss Mary Lyon, founder of a woman's college; Mrs. Fred Penniston reviewed the life of Mrs. Sara Josepha Hale, who was editor of Godey's Ladies Book; Miss Florence McGuire spoke on the first newspaperwoman and president of a club, Jennie June Crowley; and later made remarks about St. Patrick. Mrs. Boyd Blair gave an account of an important Kentuckian who left his state to be a leader in a new world, a historian, and banker—William Connelley, who was born in the Big Sandy Region.

During the business discussion it was decided to help the Kiwanis Club sponsor a Community Easter Egg Hunt. Miss McGuire appointed the following committee to work out details of the egg hunt: Mrs. Crystal Howard, Mrs. Fred Penniston and Mrs. James Brown.

Appointed on a committee to go before the city council and present plans for a community cleanup day were Mrs. C. K. Stacy, Mrs. Henry L. Stacy and Mrs. H. B. Murray.

The Scout committee presented the need for funds in order to further the work of the local Girl Scout troop and a member of the Fine Arts Department made a personal contribution for this.

Mrs. Fred Penniston, chairman of the woman's club heart fund, announced that \$18.19 had been collected from the coin collectors. Clubmembers agreed to again sponsor the cancer drive. Mrs. C. K. Stacy is county chairman in the drive for funds to fight cancer.

A resolution of sympathy was extended to Mrs. Potter in the passing of her brother.

The hostesses served refreshments of apple pie and coffee.

Those present were Miss Florence McGuire, Mrs. Fred Rose, Mrs. Kenneth Fairchild, Mrs. H. B. Murray, Mrs. Fred Penniston, Mrs. Earl W. Kinner, Mrs. Fred Rose, Mrs. James Brown, Mrs. Boyd Blair, Mrs. W. H. Wells, Mrs. J. C. Nickell, Mrs. Mae Wells, Mrs. Gene Haney, Mrs. Henry L. Stacy, and Mrs. C. K. Stacy.

Ezel Woman's Club
Meets At Home Of
Mrs. W. A. Heagen

The February meeting of the Ezel Woman's Club was held at the home of Mrs. W. A. Heagen. Mrs. Bach was absent and Mrs. Heagen took charge of the business meeting and program.

Plans were completed for the opening of the Ezel school library for the community. The library is open each Friday evening from 6:00 to 8:00 o'clock.

Members of the club made final arrangements for the March meeting. A dinner meeting is planned for March 26th in the Home Economics room of the school. Members of the West Liberty club have been invited and Mrs. Francis Pennington of Ashland is to be guest speaker.

The February program centered around the thought of recent trends in the teaching of History. The film Kentucky Pioneers was used. Dr. T. D. Clark, head Department of History of the University of Kentucky, collaborated in the production of this film.

Mrs. Heagen served cake and ice cream.

Home Development To
Be Discussed At Lacy
Home On Grassy Creek

Miss Ida Hagman, field agent in Home Planning and Furniture, and Eddie Daniels, field agent in Farm Management for the University of Kentucky Agricultural Extension Service, will visit Mr. and Mrs. Glenn Lacy of Grassy Creek next Thursday.

They will advise Mr. and Mrs. Lacy on completion of their farm and home plans in the farm and home development program. Mr. and Mrs. Lacy will be hosts on March 28 to Mr. and Mrs. Bishop Benton and Mr. and Mrs. Harold Rose. At that time they will outline the changes they hope to make in their home and farming program over the next five years.

Miss Hagman has been working with Mrs. James Brown, Home Demonstration Agent, to help Mr. and Mrs. Lacy make plans to remodel their home.

15 Farms Surveyed
For Tile Drainage
In February Here

Sixteen Morgan farmers—Sanford Wallin, Lena Brown, Ray Hill, Euclid Ferguson and Marvin Brown of Relief, Earl Adkins, O. L. Pelfrey, H. L. Day and Clarence Smith of Elkfork, Paris Stampler of Rexville, Orville Chasney of Hazel Green, Chester Elam of Greear, and Bernard E. Whitl, H. R. Stacy, J. Blaine Nickell and G. C. Wingo of West Liberty—had tile drainage systems surveyed on their farms during February.

A total of 23,825 feet of tile has been surveyed by Soil Conservation Service technicians this year on 24 farms.

Thirty-five more requests for tile drainage are on hand in addition to 170 more that have been received from PMA. About 205 tile drainage requests are on hand yet to be serviced. Those requests represent a year's work for one surveyor with no time lost on account of weather or other reasons. There are not enough SCS technicians available to this district to service all these requests before crops are planted.

According to Gene Butcher, district forester, Mt. Sterling, Ky., the cut off date for ordering trees from state nurseries is March 15. Price lists and order forms are available at the Morgan County Soil Conservation district office and Virgil Lewis in West Liberty. Instructions on handling plants and planting are available from SCS.

Sevica seed, which is scarce this year, is available at local dealers. There is also available (free) bicolor ispedeza for quail food and cover and multiflora rose for cover and fences. If interested contact Harold Barber, district biologist, Department of Fish and Wild Life Resources, West Liberty, or Berlyn Brown, Soil Conservationist, SCS, West Liberty.

This modern home has 8 rooms, bath, gas, floor furnace, modern in all respects. A nice home in which to live. Can be inspected along with other property by contacting the owner or the selling agent. All hardwood floors, other modern features.

TWO 4-ROOM MODERN HOMES

Offered at the same time and place two nice modern residences, each of four rooms, with bath, hardwood floors. These residences are comparatively new and ideal for a small family.

SATURDAY, MARCH 21
2:00 P.M.

NICE HOMES—If you have a large family you will be interested in the nice 8-room house; if a small family you'll want one of the smaller homes in the thriving, college city of Morehead. Here's a proposition you can't lose on because this kind of property will always have a high market value.

EXCELLENT INVESTMENT—Present rental on these three residences is \$145 a month. Mr. Lytle wouldn't sell except for his Super-Market investment. These three homes are on the same plot, which will be subdivided and can be purchased separately at this auction, or may be sold together to anyone desiring this very excellent property as an investment.

Mr. Lytle's desire to sell this property is to invest the money in his new (one of Eastern Kentucky's finest Super-Markets) is your gain. Otherwise this property wouldn't be offered for sale.

UK Cagers Close Unusual Season

LEXINGTON, Ky., March 12—One of the strangest seasons in the history of collegiate sports has come to a close on the University of Kentucky campus.

The famed case Wildcats of Adolph Rupp, who were suspended from intercollegiate activity this season by NCAA edict, substituted a unique intramural series in place of their usual 30-game schedule.

Four squad scrimmage games took place and were open to the public without admission charge. An average of 8,750 people saw each of the games, and may set some sort of record, considering the intramural nature of the exhibitions.

CLAY BYRD FOR SHERIFF

TO THE VOTERS OF MORGAN COUNTY:

I have been talking to my friends since the first of the year about running for Sheriff of Morgan county, and I have filed my notification and declaration as a candidate for sheriff of Morgan county, and I am taking this method of making my public announcement as a candidate.

The office of Sheriff is a very important office, and the way it is carried on means a lot to every citizen in the county. If nominated and elected, I will do my best to keep down all violations of the laws, and will select sober, discreet deputies that will enforce the laws, and I will cooperate with the other County officials, and the Circuit Courts, and will treat every one courteously.

I was born and reared on a farm, and raised a large family and I have tried to be a good citizen and help every one that I could when called on to do so and I want to ask my relatives and friends, to rally to my support in this my only bid for public office and I will repay you with honest, faithful service.

It will be my purpose to try and visit as many of you as possible between now and the Democratic Primary, Aug. 1, 1953, and I hope that you will be supporting me actively between now and then. I have no rocks to throw at any of my opponents, as they have the same right to run as I have.

Sincerely yours,
CLAY BYRD,
West Liberty, Ky.
